Figure 1 displays various map symbols and their corresponding labels. The symbols are arranged in a grid, with labels placed to the right of each symbol. The labels are: Highway, Secondary Road, Jeep Trail/Walkway/Ferry, Railroad, Military, Pipe/Power Line, Ridge/Physical Feature, Property/Fence Line, Nonvisible Boundary, Inset, Stream/Shoreline, Intermittent Stream, River, and Glacier. The symbols include solid lines, dashed lines, lines with cross-ticks, dotted lines, blue dotted areas, and grey rectangles.

Where international, state, and/or county boundaries coincide, the map shows the boundary marked for only the highest ranking of those boundaries.

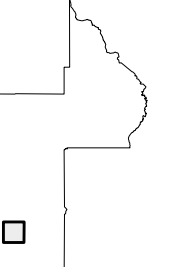

- 1 The boundary symbol for only the highest-ranking of these boundaries.
- 2 In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a '99' suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the ship.

3 A "*" following a block number indicates that the block number is repeated elsewhere in the block.

1990 COUNTY BLOCK MAP (RECREATED)

All legal boundaries and names as of January 1, 1990 as tabulated for the Public Law 94-171 and Summary Tape File products. The boundaries also reflect the feature network and coordinates as of the Census 2000 geographic base. Since 1990 the Census Bureau updated the base from the North American Datum of 1927 (NAD27) to the datum as of 1983 (NAD83) and made numerous updates to the base features from those depicted in 1990. The boundaries shown on this map are for the Census Bureau's statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights or ownership or entitlement.
